ABOUT SAGE & MYRTLE

Sage & Myrtle was born out of a desire on the West Coast for floral stylists...a desire and a passion.

We as a team have been working together for over 9 years already making pretty florals and styling events.

Now, we have a name and company to identify with!

Staying loyal to local suppliers, keeping our clients budgets in mind and adding "chic" to our West Coast events are our daily mantras.

UPCYCLING OF FLORALS

We at Sage & Myrtle believe that no flower must go to waste and endeavor to ensure any flowers left over at an event are upcycled to give someone else the pleasure of them.

No flower is thrown away on our watch!
